## Associate in Science in Healthcare Management (ASHM)

The Associate in Science Degree in Healthcare Management career prepares students for entry-level management positions within the healthcare industry. Students apply management, marketing, and accounting principles relative to the healthcare environment.

Upon completion of this degree, graduates will be prepared to enter employment as office management positions. The program facilitates currently employed healthcare clinicians seeking management position in the healthcare industry or desiring to enhance their management skills. Students completing this program will also be prepared to continue the pursuit in the bachelor's degree in Business Administration with Healthcare Scheme option.

### Program Objectives

Upon completion of the program, the student should be able to:

1. Know the basics of the business and management,
2. Utilize quantitative and qualitative tools and methodologies to support business management and organizational decision making,
3. Gain an insight into economic, political, ethical, legal and regulatory contexts of organizational management policies,
4. Develop communication skills,
5. Assist in identifying business administration problems and opportunities and formulate an action plan,
6. Analyze the information content of organizational processes and use information technology,
7. Acquire a basic understanding of the healthcare industry.
8. Continue education through life-long learning

### Admission Requirements:

Students desiring admission to the Associate in Science in Healthcare Management career program must meet the following requirements:

1. Completed their high school education or G.E.D. with a minimum G.P.A. of 2.0 or better.
2. Completed or be enrolled concurrently in General Education courses not less than 21 semester units or the equivalent covering various academic disciplines which must include 6 units of English writing and communication, 3 units of mathematics, 6 units of natural science, 3 units of social science, and 3 units of Humanities courses including one course in History. General Education courses students are concurrently enrolled in must be completed prior to the completion of the ASHM program. The minimum G.P.A. attained must be of 2.0 or better. GE courses are offered at community/city colleges.

### International Student Admission Requirements:

Unless a graduate from a US high school or foreign equivalent where English was the language of instruction evidenced by an official transcript, or a student having taken at least 2 years of education in a college program where English was the language of instruction evidenced by an official transcript, an applicant whose native language is not English must satisfy English proficiency requirement for admission to the ASHM program by scoring a TOEFL test with at least 450 PBT, 133 CBT or 45 iBT; a TOEIC of at least 480 or a IELTS of 4.

## **“NOTICE TO PROSPECTIVE DEGREE PROGRAM STUDENTS**

This institution is approved by the Bureau for Private Postsecondary Education to offer degree programs. To continue to offer degree programs, this institution must meet the following requirements:

- Become institutionally accredited by an accrediting agency recognized by the United States Department of Education, with the scope of the accreditation covering at least one degree program.

If this institution stops pursuing accreditation, it must:

- Stop all enrollment in its degree programs, and
- Provide a teach-out to finish the educational program or provide a refund.

An institution that fails to comply with accreditation requirements by the required dates shall have its approval to offer degree programs automatically suspended.

California Education Code (CEC) §94897(p) requires Kingston University to disclose to prospective students prior to enrollment that Kingston University and its degree and certificate programs are unaccredited, and any known limitations of the degree, including all of the following:

1. A graduate of the degree program may be ineligible to sit for applicable licensure exam in California and other states.
2. A degree program that is unaccredited or a degree from an unaccredited institution is not recognized for some employment positions, including, but not limited to, positions with the State of California.
3. A student enrolled in an unaccredited institution is not eligible for federal financial aid programs. Kingston University does not currently participate in any federal financial assistance programs. The University does not provide financial aid to students.”
